¿Qué es? · What is it?

El **past continuous** describe una acción que estaba **en progreso** en un momento del pasado: había empezado antes y todavía no había terminado. En español equivale a «estaba + gerundio» (estaba cocinando) y muchas veces al imperfecto descriptivo (llovía, cocinaba). Es perfecto para describir la **escena de fondo** de una historia y para acciones **interrumpidas** por otra.

The **past continuous** describes an action **in progress** at a moment in the past. We use it for background scenes and interrupted actions.
