THIRD CONDITIONAL

Nivel B2

Third conditional · el pasado que no fue

Usamos el **THIRD CONDITIONAL** para imaginar un **pasado distinto** y su resultado: lo que **habría pasado**.

1 ¿Qué es?

- Algo que **NO pasó** en el pasado.
- Imaginamos otro resultado: habría...
- Para **arrepentimientos**, críticas y alivio.

2 La estructura

If + had + participio	si hubiera...
would have + participio	habría...

If I **had known**, I **would have** come.

3 Negativa y pregunta

- If you **hadn't** called, I **wouldn't have** woken up.
- What **would** you **have done**?
- **Would** she **have** said yes?

4 Could / might have

- **could have** + part. = habría podido
- **might have** + part. = quizá habría
- If we'd run, we **might have** caught it.

5 Mixed (básico)

- Pasado → resultado **ahora**:
- If I **had studied** medicine, I **would be** a doctor now.
- Ahora → **would** + infinitivo

6 Consejo rápido

- I'd **known** → 'd = **had**
- I'd **have** known → 'd = **would**
- Coma solo si el **if** va primero.

7 Error común

✗ If I would have known, I would have come.

✓ If I had known, I would have come.

Would nunca va en la parte del **if**.

Explicación · Explanation

Lee cada recuadro despacio. Primero en español, luego en inglés. Read each box slowly: first in Spanish, then in English.

¿Qué es? · What is it?

El **third conditional** (tercer condicional) sirve para hablar de una situación **imaginaria en el pasado**: algo que **no ocurrió** y el resultado que **habría tenido**. Como el pasado ya no se puede cambiar, lo usamos mucho para **lamentarnos** (si hubiera estudiado…), **criticar** o sentir **alivio** (si no hubieras llamado, me habría dormido). Equivale al español **«si hubiera / hubiese + participio, habría + participio»**.

The **third conditional** talks about an **imaginary past**: something that **didn't happen** and its imaginary result. We use it for regrets, criticism and relief.

If + sujeto + had + participio

sujeto + would have + participio

Truco: IF + HAD · WOULD + HAVE · Tip: if + had, would + have

If y **would** no se sientan nunca en la misma mitad de la frase. Si ves if, piensa en **had**; en la otra mitad, **would have**. Y si te cuesta, tradúcelo mentalmente: si **hubiera**… = **had**, **habría**… = **would have**.

IF + HAD · WOULD + HAVE. If and would never share the same half of the sentence.

1 · La forma · The form

La oración tiene **dos partes**. En la **condición** (la parte del if) va el **past perfect**: **had + participio**. En el **resultado** va **would have + participio**. El participio es la 3.ª columna de los irregulares (go → went → **gone**). Las dos partes pueden ir en cualquier orden: si el if va primero, ponemos **coma**; si va segundo, no.

Two parts: **If + had + past participle** (condition) and **would have + past participle** (result). Either order is fine; use a comma only when the if-clause comes first.

If + I + had studied

I + would have passed

If I **had studied** harder, I **would have passed** the exam.
→ Si hubiera estudiado más, habría aprobado el examen.

She **would have got** the job if she **had applied** earlier.
→ Habría conseguido el trabajo si se hubiera presentado antes.

If we **had taken** a taxi, we **would have arrived** on time.
→ Si hubiéramos cogido un taxi, habríamos llegado a tiempo.

Third conditional · el pasado que no fue

📖 Explicación · Explanation | Nivel B2

2 · Negativa · Negative

Para negar usamos **hadn't** + participio (condición) y **wouldn't have** + participio (resultado). Casi siempre **le damos la vuelta a la realidad**: si algo **pasó**, la condición va en **negativa**, y al revés.

Use **hadn't** + participle and **wouldn't have** + participle. We usually **reverse reality**: if something happened, the condition is negative.

If + I + hadn't + participio

I + wouldn't have + participio

If it **hadn't rained**, we **would have had** the barbecue outside.
→ Si no hubiera llovido, habríamos hecho la barbacoa fuera.

I **wouldn't have been** late if I **hadn't missed** the bus.
→ No habría llegado tarde si no hubiera perdido el autobús.

If you **hadn't reminded** me, I **would have forgotten** her birthday.
→ Si no me lo hubieras recordado, me habría olvidado de su cumpleaños.

3 · Preguntas · Questions

En las preguntas, **would** salta delante del sujeto: **Would + sujeto + have + participio…?** La parte del **if** mantiene el orden normal. Son muy útiles para hablar de **alternativas**: ¿qué habrías hecho tú?

In questions, **would** goes before the subject: **Would + subject + have + participle…?** The if-clause keeps normal word order.

(Wh-) + would + sujeto + have + participio + if…?

What **would** you **have done** if you **had lost** your passport?
→ ¿Qué habrías hecho si hubieras perdido el pasaporte?

Would you **have accepted** the offer if they **had paid** you more?
→ ¿Habrías aceptado la oferta si te hubieran pagado más?

Where **would** they **have stayed** if the hotel **had been** full?
→ ¿Dónde se habrían alojado si el hotel hubiera estado lleno?

Los condicionales de un vistazo · Conditionals at a glance

Tipo · Type	Parte IF	Resultado · Result	¿Para qué?	Ejemplo · Example
First	present simple	will + infinitivo	Futuro **posible**	If it rains, I'll stay at home.
Second	past simple	would + infinitivo	Presente o futuro **imaginario**	If I had time, I'd learn Chinese.
Third	**past perfect**	**would have + participio**	Pasado **imaginario** (no pasó)	If I'd had time, I'd have called you.
Mixed A	past perfect	would + infinitivo	Pasado imaginario → resultado **ahora**	If I'd saved more, I'd be rich now.
Mixed B	past simple	would have + participio	Presente imaginario → resultado **pasado**	If I spoke French, I'd have got the job.

Solo en el **third** las dos partes hablan del pasado. ¿Resultado **ahora**? → **mixed**.

THIRD CONDITIONAL

Third conditional · el pasado que no fue

📖 Explicación · Explanation | Nivel B2

¿Second o third? · Second or third?

La diferencia está en el **tiempo** del que hablamos, igual que en español: si tuviera (ahora) frente a si hubiera tenido (antes). ¡Ojo! **had had** es correcto: el primer had es el auxiliar y el segundo es el participio de have.

Second = unreal present or future. Third = unreal past. **had had** is correct!

Second · ahora / futuro

- If I **had** money, I **would buy** it.
- Si tuviera dinero, lo compraría.
- If she **knew**, she **would tell** us.
- Si lo supiera, nos lo diría.

Third · pasado

- If I **had had** money, I **would have bought** it.
- Si hubiera tenido dinero, lo habría comprado.
- If she **had known**, she **would have told** us.
- Si lo hubiera sabido, nos lo habría dicho.

El misterio de 'd · What does 'd mean?

Forma corta · Short	Forma larga · Long	Pista · Clue
I'd known	I had known	'd + participio → had
we'd left	we had left	'd + participio → had
I'd have known	I would have known	'd + have → would
she'd go	she would go	'd + infinitivo → would

El misterio de 'd · What does 'd mean? (continúa · cont.)

Forma corta · Short	Forma larga · Long	Pista · Clue
If you'd told me, I'd have helped.	If you had told me, I would have helped.	¡Dos 'd distintas!

Al hablar, **would have** suena /ˈwʊdəv/ («wúdov»). ¡Por eso hasta algunos nativos escriben mal ~~would of~~! Lo correcto siempre es **would have** (o **'d have**).

In speech **would have** sounds like /ˈwʊdəv/ — never write ~~would of~~.

4 · Could have y might have · Could have and might have

En el resultado podemos cambiar **would** por otros modales para matizar: **could have** + participio = habría podido / podría haber (posibilidad o capacidad) y **might have** + participio = quizá habría (resultado no seguro). **Would have** indica un resultado seguro.

In the result clause, **could have** = would have been able to; **might have** = perhaps would have. **Would have** = a certain result.

If + had + participio

sujeto + could / might have + participio

If I'd had a car, I **could have given** you a lift.
→ Si hubiera tenido coche, te podría haber llevado.

If you'd asked her nicely, she **might have said** yes.
→ Si se lo hubieras pedido con amabilidad, quizá habría dicho que sí.

We **could have won** the match if Leo **hadn't been** injured.
→ Podríamos haber ganado el partido si Leo no hubiera estado lesionado.

5 · Arrepentimientos, críticas y alivio · Regrets, criticism and relief

El third conditional es la forma natural de **lamentarse** por el pasado, de **reprochar** algo a otra persona y de expresar **alivio** porque algo malo **no** pasó. (Los lamentos con wish e if only los verás en su propio mapa.)

Use it for **regrets**, **criticism** and **relief** about the past.

If I'd listened to my parents, I **wouldn't have wasted** so much money.
→ Si hubiera hecho caso a mis padres, no habría malgastado tanto dinero. (lamento)

If you **had checked** the report, the client **wouldn't have complained**.
→ Si hubieras revisado el informe, el cliente no se habría quejado. (crítica)

If he **hadn't braked**, he **would have hit** the cyclist.
→ Si no hubiera frenado, habría atropellado al ciclista. (alivio)

→ Si el equipo hubiera entrenado más, ahora no estaría el último de la liga. (mixed)

If you'd saved your work, you wouldn't have lost everything.
→ Si hubieras guardado el trabajo, no lo habrías perdido todo.

6 · Mixed conditionals (básico) · Basic mixed conditionals

A veces la condición es pasada pero el **resultado es ahora**, o al revés. Entonces **mezclamos**:

A) If + past perfect → would + infinitivo: algo pasado con consecuencia **hoy** (si hubiera estudiado Medicina, ahora sería médico).

B) If + past simple → would have + participio: algo que **siempre es así** con consecuencia pasada (si no fuera tan tímido, le habría hablado).

Pista: busca **now, today, still.**

Past condition → present result: **If + past perfect, would + infinitive**. Present condition → past result: **If + past simple, would have + participle**.

If + past perfect + would + infinitivo (now)

If + past simple + would have + participio

If I **had studied** medicine, I **would be** a doctor now.
→ Si hubiera estudiado Medicina, ahora sería médico.

The interview that never happened

Last Monday was supposed to be the most important day of Marta's career: an interview at nine o'clock for her dream job at a design agency in Manchester. Unfortunately, nothing went to plan.

First, she forgot to charge her phone, so her alarm didn't go off and she woke up at quarter past eight. In a hurry, she left her portfolio on the kitchen table, and when she reached the station, the 8.30 train was just leaving. "If I had charged my phone, I would have woken up on time," she thought. She arrived forty minutes late, and the manager had already left for another meeting. Marta was devastated. However, a month later she got a job at a different agency, which she loves. "If I had got that first job, I would never have met my amazing team," she says now.
