Explicación · Explanation

Lee cada recuadro despacio. Primero en español, luego en inglés. Read each box slowly: first in Spanish, then in English.

¿Qué es? · What is it?

🇪🇸 **Wish** e **if only** equivalen a **ojalá** o *me gustaría que…* cuando el deseo es **irreal**: algo que no es así ahora, algo que no pasó o algo que nos molesta. El gran truco: el verbo da **un paso atrás** en el tiempo. Igual que en español usamos el subjuntivo (*ojalá tuviera*, *ojalá hubiera tenido*), en inglés usamos el **pasado**.

🇬🇧 **Wish** and **if only** express **unreal wishes**, regrets and complaints. The verb moves **one step back** in time.

Deseo presente: **wish** + past simple

Lamento pasado: **wish** + past perfect

Queja: **wish** + persona + **would** + infinitivo

Truco del paso atrás · The step-back trick

🇪🇸 Wish siempre mira hacia atrás: el verbo retrocede un tiempo. **presente → pasado** (have → had), **can → could**, **pasado → past perfect** (went → had gone), **will → would**. Truco del español: si dices *ojalá + tuviera* → past simple; si dices *ojalá + hubiera tenido* → past perfect.

🇬🇧 Wish always moves one step back: present → past, can → could, past → past perfect, will → would.

1 · Deseos sobre el presente · Wishes about the present

🇪🇸 Para algo que **no es verdad ahora** y nos gustaría que lo fuera. Usamos **wish + past simple**, aunque hablamos del **presente**. La realidad es siempre la contraria: *I wish I lived closer* = *I don't live closer*. En español: *ojalá* + imperfecto de subjuntivo (*ojalá viviera*).

🇬🇧 For something that **isn't true now**. We use **wish + past simple**, although we are talking about the **present**.

sujeto + wish + sujeto + past simple

I **wish** I **lived** closer to work.
→ Ojalá viviera más cerca del trabajo.

She **wishes** she **had** more free time.
→ Le gustaría tener más tiempo libre.

I **wish** I **didn't have** to work this weekend.
→ Ojalá no tuviera que trabajar este fin de semana.

📖 Explicación · Explanation | Nivel B2

2 · WISH + COULD · Wish + could

Para **habilidades o posibilidades que no tenemos**: **wish + could** + infinitivo. could es el pasado de can: el mismo paso atrás de siempre. En español: ojalá supiera / ojalá pudiera.

For abilities or possibilities we don't have: **wish + could** + infinitive.

sujeto + wish + sujeto + could + infinitivo

I **wish** I **could** speak Japanese.
→ Ojalá supiera hablar japonés.

We **wish** we **could** come to your wedding, but we'll be abroad.
→ Ojalá pudiéramos ir a tu boda, pero estaremos en el extranjero.

He **wishes** he **could** afford a new car.
→ Le encantaría poder permitirse un coche nuevo.

3 · ¿WAS o WERE? · Was or were?

Con el verbo **be**, después de wish podemos usar **were** con todas las personas (I, he, she, it). Es la forma más cuidada y la que se espera en un examen. **was** también se oye mucho en conversación informal. ¡Pero nunca ~~am / is~~!

After wish we can use **were** with all persons. **Was** is common in informal speech. Never am / is.

I **wish** I **were** on a beach right now.
→ Ojalá estuviera en una playa ahora mismo.

She **wishes** she **were** taller.
→ Le gustaría ser más alta.

I **wish** it **was** Friday! (informal)
→ ¡Ojalá fuera viernes!

El paso atrás · One step back

BACK

Realidad · Reality	Deseo · Wish
I'm tired.	I wish I **weren't** tired.
I don't speak French.	I wish I **spoke** French.
I can't sing.	I wish I **could** sing.
I have to work.	I wish I **didn't have** to work.
I'm not going to the concert.	I wish I **were going** to the concert.
I spent all my money.	I wish I **hadn't spent** all my money.
I didn't go to the party.	I wish I **had gone** to the party.
He won't help me.	I wish he **would** help me.

Afirmativa ↔ negativa: la realidad y el deseo van **al revés**.

Positive ↔ negative: reality and wish are opposites.

4 · Lamentos sobre el pasado · Regrets about the past

Para **arrepentirnos** de algo que pasó (o que no pasó). Ya no se puede cambiar. Usamos **wish + past perfect** (had + participio). En español: ojalá hubiera… o me arrepiento de…

To express **regret** about the past: **wish + past perfect** (had + past participle).

sujeto + wish + sujeto + had (not) + participio

I **wish** I **had studied** harder for the exam.
→ Ojalá hubiera estudiado más para el examen.

She **wishes** she **hadn't sold** her old flat.
→ Se arrepiente de haber vendido su antiguo piso.

WISH e IF ONLY

Wish and if only · deseos y lamentos

📖 Explicación · Explanation | Nivel B2

5 · Quejas: WISH + WOULD · Complaints: wish + would

Para **quejarnos** de algo que hace otra persona (o algo externo, como el tiempo) y que **queremos que cambie**. Expresa enfado o impaciencia. **Ojo:** el sujeto tiene que ser **distinto**: no se dice ~~I wish I would~~. Tampoco se usa con verbos de estado: ~~I wish you would be taller~~.

To complain about what someone else does and say we want it to change. Not with the same subject: ~~I wish I would~~.

sujeto + wish + otra persona + would (not) + infinitivo

- I **wish** you **would stop** interrupting me.
  → A ver si dejas de interrumpirme.
- I **wish** my neighbours **wouldn't play** their music so loud.
  → Ojalá mis vecinos no pusieran la música tan alta.
- I **wish** it **would stop** raining!
  → ¡A ver si deja de llover!

WISH o HOPE · Wish or hope?

hope = deseo **posible, real** (presente o futuro normal). **wish** = deseo **irreal** (paso atrás). En español los dos pueden ser *ojalá*: pregúntate si de verdad puede pasar.

hope = a real possibility. **wish** = something unreal.

🤞 hope · posible

- I **hope** you **pass** your exam.
- I **hope** it **doesn't rain** tomorrow.
- I **hope** she **got** home safely.

wish · irreal

- I **wish** I **had passed** my exam. (suspendí)
- I **wish** it **wasn't** raining. (llueve)
- I **wish** I **were** rich. (no lo soy)

6 · IF ONLY · If only

If only funciona igual que wish (mismos tiempos: past simple, past perfect, would) pero es **más emotivo e intenso**: ¡Ojalá…! / ¡Si al menos…! Suele ir al principio de la frase y con signo de exclamación.

If only works like wish (same tenses) but it is **stronger and more emotional**.

If only + sujeto + past simple / past perfect / would

- **If only** I **had** a car!
  → ¡Si al menos tuviera coche!
- **If only** we **hadn't missed** the flight!
  → ¡Ojalá no hubiéramos perdido el vuelo!
- **If only** he **would listen** to me!
  → ¡Si al menos me escuchara!
