Explicación · Explanation

Lee cada recuadro despacio. Primero en español, luego en inglés. Read each box slowly: first in Spanish, then in English.

¿Qué es? · What is it?

Los **conectores** (linkers) unen ideas y dicen **qué relación** hay entre ellas: **contraste** (aunque, a pesar de, sin embargo), **comparación** (mientras que), **resultado** (por lo tanto) y **finalidad** (para, para que). La clave en inglés es **lo que va detrás**: una frase completa, un nombre, un -ing o un infinitivo. Usarlos bien sube la nota de Organisation en el Writing del B2 First.

Linkers connect ideas and show the relationship between them: contrast, comparison, result and purpose. The key is **what comes after them**.

although + sujeto + verbo

despite + nombre / -ing

However, + nueva oración

in order to + infinitivo

Truco: ¿frase o nombre? · Clause or noun?

Antes de elegir, mira lo que viene **detrás**. ¿Hay **sujeto + verbo** (it was raining)? → **although / even though**. ¿Hay un **nombre** o **-ing** (the rain, being tired)? → **despite / in spite of**. En español: aunque + verbo conjugado = although; a pesar de + nombre / infinitivo = despite. Y para + infinitivo = **to**; para que + subjuntivo = **so that**.

Subject + verb → although. Noun / -ing → despite. Para = to; para que = so that.

1 · ALTHOUGH, THOUGH, EVEN THOUGH · Although, though, even though

Significan aunque. Detrás va una **frase completa** (sujeto + verbo). Pueden ir al principio (con coma entre las dos partes) o en medio. **even though** es más enfático (aun cuando); **though** es más informal y también puede ir al **final** = eso sí, de todas formas. ¡No añadas **but** en la otra parte!

They mean aunque and are followed by a **clause** (subject + verb). Even though is more emphatic; though can also go at the end. Don't add **but**.

Although + sujeto + verbo, + frase principal

frase principal + even though + sujeto + verbo

Although it was raining, we went for a walk.
→ Aunque llovía, salimos a dar un paseo.

She went to work **even though** she had a temperature.
→ Fue a trabajar aunque tenía fiebre.

The food was great. The service was slow, **though**.
→ La comida estaba buenísima. Eso sí, el servicio era lento.

2 · DESPITE, IN SPITE OF · Despite, in spite of

Significan a pesar de. Detrás va un **nombre**, un **pronombre** o un verbo en **-ing**, nunca sujeto + verbo. Para meter una frase completa usa **despite the fact that** (= a pesar de que). ¡Ojo! **despite** no lleva **of**; **in spite** sí: ~~despite of~~.

They mean a pesar de and are followed by a **noun** or **-ing**. With a clause, use **despite the fact that**. Never ~~despite of~~.

Despite / In spite of + nombre / -ing

Despite the fact that + sujeto + verbo

Despite the traffic, we arrived on time.
→ A pesar del tráfico, llegamos a tiempo.

In spite of being tired, he finished the report.
→ A pesar de estar cansado, terminó el informe.

Despite the fact that she's only 22, she runs her own company.
→ A pesar de que solo tiene 22 años, dirige su propia empresa.

¿ALTHOUGH o DESPITE? · Although or despite?

Significan casi lo mismo, pero detrás llevan cosas distintas. Mira lo que viene después: ¿hay **sujeto + verbo**? → although. ¿Hay un **nombre** o **-ing**? → despite.

Subject + verb → although. Noun or -ing → despite.

although + FRASE
- Although **it rained**, ...
- Although **he was tired**, ...
- Although **she's rich**, ...

despite + NOMBRE / -ING
- Despite **the rain**, ...
- Despite **being tired**, ...
- Despite **her money**, ...

3 · HOWEVER, NEVERTHELESS · However, nevertheless

However = sin embargo. Une dos **oraciones separadas**: va al principio de la segunda, después de un **punto** (o punto y coma) y seguido de **coma**. ¡No puede unir dos frases solo con una coma, como but! **Nevertheless** es igual pero más formal. También puede ir en medio, entre comas: The plan, however, failed.

However links two separate sentences: full stop (or semicolon) + However + comma. Nevertheless is more formal.

Frase 1. **However**, frase 2.

Frase 1; **however**, frase 2.

The flat is small. **However**, it's very central.
→ El piso es pequeño. Sin embargo, está muy céntrico.

We tried to book a table; **however**, the restaurant was full.
→ Intentamos reservar mesa; sin embargo, el restaurante estaba lleno.

The results were good. **Nevertheless**, there is still work to do.
→ Los resultados fueron buenos. No obstante, aún queda trabajo por hacer.

4 · WHEREAS, WHILE · Whereas, while

Sirven para **comparar dos cosas opuestas**: mientras que. Detrás va una frase completa. Suelen ir en medio (con coma delante) o al principio. **while** es más frecuente al hablar; **whereas** suena más formal. Ojo: **while** también significa mientras (tiempo): I read while I wait.

They compare two opposite facts (mientras que). While is more common in speech; whereas is more formal.

frase 1, **whereas / while** + frase 2

I'm an early bird, **whereas** my partner hates mornings.
→ Yo soy madrugador, mientras que mi pareja odia las mañanas.

While some people love social media, others find it stressful.
→ Mientras que a algunos les encantan las redes sociales, a otros les estresan.

In Spain we have lunch at two, **whereas** in the UK people eat at around one.
→ En España comemos a las dos, mientras que en el Reino Unido se come sobre la una.

5 · THEREFORE: resultado · Therefore: result

Therefore = por lo tanto, por consiguiente. Introduce un **resultado** o una **conclusión**. Es más formal que so: ideal para redacciones e informes. Va al principio de la segunda oración (tras punto o punto y coma, con coma) o antes del verbo principal: It is therefore important to...

Therefore introduces a result or conclusion. It is more formal than so.

Frase 1. **Therefore,** frase 2.

sujeto + **is therefore** + ...

The train was cancelled. **Therefore,** we had to take a taxi.
→ Cancelaron el tren. Por lo tanto, tuvimos que coger un taxi.

Prices have risen; **therefore,** many families are spending less.
→ Los precios han subido; por lo tanto, muchas familias gastan menos.

It is **therefore** essential to book in advance.
→ Por lo tanto, es imprescindible reservar con antelación.

¿Qué conector uso? · Which linker do I use?

1. ¿Qué relación hay? **Contraste**, **comparación**, **resultado** o **finalidad**.
   What's the relationship?
2. Contraste: ¿detrás hay sujeto + verbo? → **although**. ¿Nombre o -ing? → **despite**.
   Clause → although. Noun / -ing → despite.
3. ¿Empiezas una oración nueva? → **However,** / **Therefore,** (punto antes, coma después).
   New sentence → However, / Therefore,
4. Finalidad: mismo sujeto → **(in order) to** + infinitivo. Otro sujeto → **so that** + can / could.
   Same subject → to. Different subject → so that.
5. Revisa la **puntuación** y el **registro** (formal en redacciones).
   Check punctuation and register.

6 · Finalidad: IN ORDER TO, SO THAT · Purpose: in order to, so that

🇪🇸 Para decir **para qué** hacemos algo: **to / in order to / so as to + infinitivo** (para + infinitivo). Negativa: **in order not to / so as not to**. Si hay **otro sujeto** o un modal: **so that** + sujeto + **can / could / will / would** (para que + subjuntivo). ¡Nunca ~~for to~~ ni ~~for + infinitivo~~!

🇬🇧 Purpose: **(in order) to / so as to** + infinitive. With another subject or a modal: **so that** + subject + can / could / will / would. Never ~~for to~~.

(in order) to / so as to + infinitivo

so that + sujeto + can / could / will / would

💰 I'm saving money **in order to** buy a car.
→ Estoy ahorrando para comprarme un coche.

🚆 We left early **so as not to** miss the train.
→ Salimos pronto para no perder el tren.

📍 I'll send you the address **so that** you can find the place.
→ Te mando la dirección para que encuentres el sitio.

Is working from home here to stay?

Since the pandemic, millions of people have started working from home. Although many workers love the freedom it gives them, others feel lonely and isolated. So, is it really a good idea?

On the one hand, remote workers save time and money because they don't have to commute. My cousin Marta, for example, works from home in order to spend more time with her children. Despite having a smaller salary than before, she says she is much happier.

On the other hand, working from home is not for everyone. In an office, young employees learn by watching experienced colleagues, whereas at home they have nobody to ask. In my view, a mix of office and home working is the best option. Therefore, I believe companies should let their employees choose.

1 All workers enjoy working from home. T F
2 Marta earns more money now than before. T F
3 The writer thinks a mix of office and home working is best. T F
4 Why does Marta work from home?

5 What problem do young employees have at home?
